

# Resume

Brian Connors

31011 Jedediah Smith Rd

Temecula, CA. 92592

seahorse8789@gmail.com

## Summary

I have worked in the retail and pest control industry for a combined 11 years now. With those careers I have developed customer service and time management skills to complete projects on time. However, neither of these careers were not satisfactory to me. With that being said, I have decided to go back to school to learn computer programming.

## Education

Temecula Valley High School  
*Diploma*

2004-2008

Origin Coding Academy  
*certificate of completion*

2018

## Employment History

Albertsons  
*courtesy clerk/ cashier/ service deli tech/  
night crew stocker/ produce clerk/ dairy clerk*

2007-2012

Over the course of my employment here I worked in various departments. Most of them involved stocking shelves efficiently while still greeting customers and providing excellent customer service in a timely, friendly manner.

Home Front Pest Control  
*pest control technician*

2012-20014

With this job I mainly worked alone as I spent the entire day driving from home to home treating our customers with their various pest problems. This taught me the value of time management as I had a set list of services to complete each day without any management supervision.

Bulls Eye Pest Control	2014-2018
<i>pest control technician</i>	
Same overall job description and experience as Home FrontResume
